

mollyHEIZER

March 4th
6-9pm

Molly Heizer works in clay to create amazing animals and Kachinas decorated with Southwestern designs. Many of the pieces that are her interpretation of Kachinas, are transformed into Totem Poles, that can be from three to ten feet tall. Each figure on the Totem tells a story, and Molly includes hand written stories for each one of these figures.

Join us in celebrating Molly's latest creations and meet her at a reception in her honor.
